

# WC118 : SIP Transport for Non-Mobile Originated Emergency Calls

## Terms of Reference

The **WC118 : SIP Transport for Non Mobile Originated Emergency Calls** Working Committee has been established to perform an area of work identified by the Network Reference Panel (NRP). This Committee in carrying out the specific terms below is to observe the following guidelines, as appropriate:

Specifically the Working Committee is to develop a new Guideline that:

- Defines recommendations or requirements for the transport of Session Initiation Protocol (SIP) information associated with Emergency Calls:
  - From a Carrier or Carriage Service Provider; and
  - For delivery to the Emergency Call Person (ECP) for 000 and 112.
- Is for non-mobile originated Emergency Calls i.e. Emergency Calls that originate from Customer Equipment that does not access a public mobile telecommunications service designed for voice communications.
- Maintains alignment with any relevant international specifications.
- Maintains consistency with the format of the current Communications Alliance template.

The Working Committee is not to:

- Give detailed guidance on calls to emergency service numbers 106 and 112.
- Give detailed guidance on non-voice carriage services e.g. the transport of text messages generated by an end user.

### **Primary deliverables**

- A new G6nn:2024 **Transport of Session Initiation Protocol (SIP) Information Associated With Non-Mobile Emergency Calls Guideline**.
