Dear Patrick

Re: Proposal to remake the Telecommunications (Section of Telecommunications Industry) Determination

Communications Alliance welcomes the opportunity to provide a brief response to the ACMA Consultation paper on the *Automatic sunseting of legislative instruments— Proposal to remake Telecommunications (Section of Telecommunications Industry) Determination 2003 (No. 1)*.

Communications Alliance supports the approach being proposed by the ACMA in remaking the Determination. We acknowledge that the ACMA will be taking the opportunity to update outdated references, including the reference to the recently made *Telecommunications Cabling Provider Rules 2014*.

If you have any further questions with regard to this submission please contact Mike Johns on (02) 9959 9125.

Yours sincerely,
